

# CALL FOR ABSTRACTS

**Abstract Submission Deadline is July 16, 2023**

The RAM XV Training Summit will be held at the U.S Space and Rocket Center at the Education Training Facility in Huntsville, AL on November 1-2, 2023. More information will be sent out about the RAM XV Training Summit on a later date.

Past years' topics were Digital Transformation, Probabilistic Risk Assessments, Artificial Intelligence and Machine Learning, Model-based system engineering, Software Reliability engineering, etc.

We invite you to share interesting theoretical or practical findings of your research, engineering case studies, success stories, lessons learned, R&M based analyses and simulations, or R&M discoveries.

SRE would like to encourage our future presenters to have the opportunity to present their paper, presentation, or tutorial to RAMS 2024 or 2025 (depends on when you submit your abstract). If you are unable to make the deadline for abstract submission supporting RAMS 2024, then be on lookout to submit your abstract for the RAMS 2025).
